

FUN RUN | SILENT AUCTION AUGUST 6, 2016

My name is Heather Kirby, and I am a BOI, graduate of Ball High and current Freshman at UT in Austin. In 2013, I hosted a fun-run to benefit the Dennis B. Koi Cancer Treatment Fund at UTMB. The first year of the race we raised over \$3,500 for this fund and our dream is to double that amount this year!

This fund was started after my close neighbor, Dennis, was diagnosed with cancer. He and his wife, Lavenia, realized that some of the medicines associated with cancer treatment were too expensive for many patients. This fund has helped many people afford the cost associated with their treatment. My goal is to help build the fund so other patients may benefit from Dennis' dream of helping others.

We need your help, and Thank you in advance for your sponsorship.

– Heather Kirby
